

2010 Bloomington Board of Elections Judges' Pay Schedule

Because we value your participation in training opportunities, and because judges appreciate having up-to-date training when serving in the polls, the Board of Elections recently revised the judges' pay schedule, now effective. It is subject to periodic revision.

Base pay - \$95.00 for working in polls on Election Day

Judge who has taken 4-hr. classroom training = *certified*

\$50.00 additional for the first election worked after becoming certified

Certified judge who takes online training prior to serving in an election following the one paid for certification training

\$50.00 additional for the election worked after completing that online program

(to receive \$50 for each election worked, must complete one 4-hour training for first election worked, plus one online program for each subsequent election worked until the next even-numbered year certification class cycle)

EXAMPLE:

Election worked	Base Pay	Certified	Trained Online	Total
1	\$95	\$50	0	\$145
2	\$95	Yes	\$50	\$145
3	\$95	Yes	Not this time	\$95
4	\$95	Yes	\$50	\$145

Noncertified judge who has taken online training within 3 months prior to an election = *trained online*

\$25.00 additional for the election worked after completing online program

EXAMPLE:

Election worked	Base Pay	NOT Certified	Trained Online	Total
1	\$95		\$25	\$120
2	\$95		Not this time	\$95
3	\$95		\$25	\$120
4	\$95		\$25	\$120

A judge may choose to also complete the online training after attending the class for one election, but will not get paid for two types of training for one election.

This will also be explained in detail at the training classes.
