

## **Close of Registration**

In-Person and Mailed voter registrations and address changes must be made by the 28th day before each election. On-Line registrations must be made by the 15th day before the election. Any registrations needed after these dates must be completed through Grace Period Registration, which is done in-person and you would vote at the time of registration.

Two days after each election (Thursday, March 19, 2020), voter registration is open again for the following election.
